

Modular sofa

DAHLIA 814

Dahlia is a soft, comfortable and fully upholstered family of sofas and easy chairs. They exude an embracing and homely vibe, yet are eminently suitable for the public interiors of tomorrow.

Dahlia modular sofa can be customised to a number of constellations, inspiring creativity and flexibility. The design of Dahlia offers different tactile sensations in the way textiles and fabric colours are combined to achieve the desired contrast, harmony and colour experience.

Dahlia is easy to reuse, thanks to its replaceable and repairable parts. And its timeless design only adds to its long-term sustainability. Dahlia is also easy for users to sit down on and stand up from, for universal inclusivity.

The upholstery is completely removable and washable, providing durability and hygienic benefits. Dahlia has a gap between the seat, back and frame to avoid dirt and bacteria entrapment.

This furniture family is crafted in FSC-certified birch and carries the Möbelfakta label.

Please note that back and side cushions must be ordered separately.
